Autumn 2008 Meeting

Our autumn meeting is now (just about) fully organised. We've only got 15 takers so far.

Please let us know today if you'd like to come. There is still space!

We've got vendor presentations, which you asked for. In fact there are 5, on the following topics:

- Scanning documents and posting details to Dream using OCR software
- Electronic invoicing using a bureau to convert any electronic output to your desired input format
- Collection of remote data and transfer of that data to your back office
- Controlling spend using the latest version of the Proactis software suite
- Time & Expense, billing and reporting systems

In addition Mike has agreed to do 4 interesting sessions.

We're also allowing some time for break-out sessions (again this is something you asked for).

Overnight accommodation is arranged at the Holiday Inn in Leamington Spa. There's a wine tasting evening for those who stay over.

We will be paying for the evening meal and the wine tasting. We'll also subsidise your accommodation so that you only pay £75 for B&B, plus any incidentals you sign for at the hotel.

The latest agenda, travel directions and hotel directions can be found here:

<http://www.dreamusers.org/meetings/2008-11.htm>

Directions to meeting

Please note that there are revised directions, which you can download using the above link.

Object

The objective of the DREAM User Group is to provide services to Member organisations using the DREAM accounting system produced by CODA plc. The User Group will provide information and hold meetings, and will make collective representations to CODA and others for the general benefit of the Members.
